

# Classe 4°A

## Rottofreno

The crocodile is a big and long wild animal.  
The crocodile is green, brown and light yellow.  
It has got four paws, a long tail, a big mouth with many teeth.  
It lives in and near rivers in Africa, in India, in Australia and in America.  
The crocodile eats other animals.  
It can swim, bite, jump and run fast. It can't climb and fly.  
Andrea B.

The dolphin is my favourite wild animal.  
Its colour is grey on the back and white on the belly.  
Its body is smooth and it is about 2,5 metres long.  
It has got a long mouth and a fin on the belly, a fin on the back and a fin near the tail.  
It lives in the warm sea and in the ocean.  
It eats fish and crustaceans.  
It can play, swim and jump, it is very clever.  
It can't run and fly.

Susy

My favourite wild animal is the heron.  
It's a beautiful bird. It's strong and ash-coloured.  
This heron has got two long legs, a long neck, a long grey and orange beak and two big wings.  
It lives near the marsh and it eats small fish.  
It can fly and walk, but it can't swim.

Leonardo
