The white tiger
The white tiger is my favourite wild animal.
It's got a black and white coat.
The white tiger has got a striate, big, long, thin but strong body.
It has got four legs, big teeth, a long tail, sharp claws, good smell and excellent hearing.
This tiger has got a white coat because it has got a kind of disease called leucism.
It lives in Asia and Siberia.
It eats other animals.
It can run very fast, jump, bite and swim. It can hunt, too. It can't fly.

Bye bye from Samuele

It's a zebra.
